

Btec Health & Social Care

At some point in our lives, all of us will need the support of a healthcare professional. Working in health or social care is rewarding, with a wide range of different jobs and specialisms which help you play a positive role – and make a difference – in the health and happiness of others.

Studying a BTEC in Health and Social Care means combining practical experience, skills, theory and behaviours to understand what it means to deliver top-quality care and services across a range of specialisms.

You will experience a challenging and incredibly rewarding career, where you can go home at the end of the day knowing you have made a real difference to someone's life.
