

Pearson BTEC

Tech Award Level 1/2 in

Health and Social Care

Health and Social Care

- In this course you gain and develop knowledge and understanding of the different sectors of Health and Social care, the different stages during the life span of individuals and how individuals deal with life events that can occur.
- You will also consider the care values that all workers in the Health and Social care sector must adhere to.

There are 3 units – or components that make up the course. You will achieve a grade in each unit – these grades are then combined to make up the final grade.

Component 1: Human Lifespan Development

Controlled assessment coursework

Component 2: Health and Social Care Services and Values

Controlled assessment coursework

Component 3: Health and Wellbeing

2 hour exam

Component 1: Human Lifespan Development

Controlled assessment coursework

In component one you will:

- Understand human growth and development across life stages and the factors that affect it.
- Investigate how individuals deal with life events.

Component 2: Health and Social Care Service Values

Controlled assessment coursework

In component two you will:

- Understand the different types of health and social care services and barriers to accessing them.
- Demonstrate care values and review own practice.

Controlled assessment coursework

- Component 1 & 2 are assessed by your teacher.
- After the initial controlled assessment, there is a chance of resubmission if you have not met the criteria of the assessment, or your target grade.
- All controlled assessments will be completed in lesson time.
- Resubmissions will be completed in intervention sessions.
- The exam board sets a deadline for your grade for each component to be sent to them, once this has been done that will be your grade for that component.

Component 3: Health and Wellbeing

2 hour exam

In component three you will:

- Demonstrate knowledge and understanding of factors that affect health and wellbeing.
- Interpret health indicators.
- Design a person-centred health and wellbeing improvement plan.
- Demonstrate knowledge and understanding of how to overcome obstacles relating to health and wellbeing improvement plans.

Component 3: Health and Wellbeing

2 hour exam

- This component builds on your knowledge and understanding from components 1 & 2.
- There are 60 marks available.
- The exam will be 2 hours.
- You will take the exam in year 11.

This course is for you if

You are interested in the Health and Social care sectors

You are interested in a medical based profession.

You want to study Health and Social care at college.
